FASTPEPPER SOLUTIONS MOVES TO NEW OFFICE LOCATION

Walnut Creek, CA, January 18, 2013– FastPepper Solutions™ has moved to a new location in downtown Walnut Creek.

FastPepper Solutions™ will now be providing Risk Management as a Service (RMaaS) solutions to clients from its new location on N. California Blvd. in downtown Walnut Creek. The new location will provide the scalable space and resources that FastPepper™ will require to meet its physical address and space needs over the near term.

“The new office location will provide greater efficiency in how FastPepper™ serves clients and will provide the needed space to conduct meetings and facilitate project collaboration with business partners. The ability to scale up physical space and resources easily was the main reason for choosing the new location.” said Owner and Principal Consultant, Wrally Dutkiewicz.

FastPepper Solutions™ will now have its office located at: **1701 N. California Blvd., #52, Walnut Creek, CA 94596.**

The company’s phone number will remain unchanged.

About FastPepper Solutions™

FastPepper Solutions provides businesses with Risk Management as a Service (RMaaS) and Technical Needs Analysis services that increase operational efficiency and mitigate risks to business information. Through its proprietary assessment tools FastPepper Solutions works with firms to strengthen internal controls and provide cost effective and competitive information management platforms including sourcing cloud solutions to meet business needs.
